LR 18

SENATOR F. LEWIS: There is a resolution up on the desk, there is a bill that I would like to have....to present before the body today so that we could introduce it and set it for hearing. I think that Pat has checked with you on that if that is acceptable to you.

SPEAKER LUEDTKE: We do have other business and that is why I have set this for an hour at a time so that we can take care of our other business as we go along. But, the motion before you is to alter the Speaker's schedule for one hour for this debate. All those in favor vote aye those opposed vote nay on changing the Speaker's order. Senator Chambers.

SENATOR CHAMBERS: Before you announce the vote since there was opposition may I close on my motion?

SPEAKER LUEDTKE: You certainly may.

SENATOR CHAMBERS: I don't believe that there is enough time left today to get to all of the things that people desire to get too. I'll tell you now that tomorrow I am going to discuss what I have in mind to discuss today. It is just delaying the inevitable. It is going to bring about again tomorrow a discussion such as we have today. So, if you want to vote against changing the order, that is not going to stop discussion of matters that are on Select File or other places because I have amendments at least to one bill that is on Select File. So, if they want to have things read into the record I wouldn't object to that being done. But, if there is the notion that by terminating this debate at this point all of these other matters on the calendar are going to be gotten to within the next half hour, I think that is a chimera, an illusion.

SPEAKER LUEDTKE: Record the vote.

CLERK: 9 ayes, 17 nays to extend the debate.

SPEAKER LUEDTKE: The motion fails and we will proceed with the regular agenda. There is a matter of a Resolution.

CLERK: Read E & R report regarding LB219 being placed on Select File as amended. Signed Senator Cullan, Chairman.
